Bureau of Radiological Health- Registration of Tanning Equipment (Form #0826)
Instructions for Completing Form #0826

PURPOSE:

This form is used to: apply for registration of a tanning facility and register tanning equipment to a facility. Each person acquiring a tanning facility shall use this form to apply for registration prior to beginning operation of the facility.

Item by Item Instructions:

1. Indicate the name of the facility to be registered.
2. Indicate the telephone number of the facility to be registered.
3. Indicate the name of the county where the facility is located.
4. Indicate the facility type.
5. Indicate the mailing address to be used by DHEC for all correspondence pertaining to the facility.
6. Indicate the street address (physical location) of the facility.
7. Indicate the name and title of the person responsible for the tanning facility operation, such as a manager. DHEC will send all correspondence, to include bills, to this person.
8. Indicate the name of each facility owner.
9. Indicate a home mailing address and home telephone number for each owner of the facility.
10. Indicate the following for each vendor type: name, address and telephone number. In some cases, the service person may be yourself or a family member. Except for minor electrical work that may be done by a certified electrician routinely used by you, the serviceperson shall be a vendor registered with DHEC. In all cases, the lamp supplier shall be registered with DHEC. A list of registered vendors may be access through the DHEC website.
11. Tanning Equipment To Be Registered to This Facility - Indicate the following for each piece of tanning equipment to be registered or added: model number; serial number; manufacturer; from whom the equipment was purchased; type (i.e. bed, booth, or high pressure); date installed or purchased; lamp manufacturer; and lamp model.
12. Material False Statement - The owner and manager must sign and date the statement certifying they have read and understand the requirements of R.61-106 and the application information is correct. It is a violation to make a material false statement to the Department.

OFFICE MECHANICS AND FILING:

The application shall be stamped in when received by the Bureau of Radiological Health, a registration number assigned, and the application fee processed. The registration number is recorded on the original registration form and is kept in a file designated by the Bureau of Radiological Health. A copy of the registration form is sent to the registrant with the application registration memo.
